LIMITED WARRANTY

Only quality, healthy nursery stock will be installed and we guarantee such stock to be true to name. Nursery stock purchased and installed by *DRESEN LANDSCAPING* will be guaranteed for (1) calendar year from the date of purchase provided that the plants are maintained properly. For the guarantee to be valid claims of plant material losses must be made before the end of the guarantee period and nursery stock must be more than 50% dead. In no case will stock be replaced more than once and replacement plants do not carry an additional guarantee. We shall not be liable for any sum greater than the amount originally received for the said nursery stock. We reserve the right to refuse replacement of any nursery stock damaged by over watering, neglect, wind, and animal and vehicle damage.

- ❖ Note: Plants that expire due to over watering or under watering will not be covered under the warranty. If standing water is sitting at the bottom of the planting hole at time of replacement than over watering has occurred.

An additional (1) year warranty may be purchased at the time of installation for 25% of the nursery stock. This would cover the tree under warranty for (2) calendar years.
